

Sony Xperia Z2 Tempered Glass Protector

Sony Xperia Z2 How to Install Tempered Glass

Written By: ZFix

INTRODUCTION

Tempered glass protector is a type of screen protector, made with chemically treated, transparent tempered glass.

- How to do this:
 1. Lay the screen protector on screen and check the fitting of each side.
 2. Use the dust cloth to clean the screen.
 3. Peel off the 1st mask with the sticker.
 4. Apply the screen protector on the screen slowly.
